## RG BADMAN'S GLADESVILLE

'I have been in the motorcycle repair industry for over twelve years now and have been using Toolforce from the start. I saw them at a competitors shop and told them to come and see us. The rest is history.'

'Toolforce is a great business with fantastic service and everything I need, without any hassles. The quality of their tools is second to none with a large variety to choose from. It's easy to order from them, with back orders and any repairs completed with quick turnaround. Our relationship with them is smooth and efficient. It's great!'

'I would definitely recommend Toolforce to anyone. All of my staff buys their tools from them and even our neighbouring businesses – painters and panel beaters purchase their tools from Toolforce. They have competitive prices and are a good alternative to other companies in the industry.'

'They are always well mannered, don't talk over me and always listen to what I have to say. They are good blokes, reliable, and provide quality affordable tools. What more do I need?!'
